

21st International Conference on Dialysis: Advances in Kidney Disease, 2019

*Pediatric Nephrology Meeting
January 14-15, 2019*

The Pediatric Nephrology Meeting is designed to provide a forum where attendees collaborate and interact, to produce well-prepared and productive pediatric nephrologists. Our vision is to improve the lives of children, adolescents and emerging adults with chronic kidney disease, by fostering friendships and future collaboration among pediatric nephrologists. Our topics are centered on teaching, patient outcomes, quality improvement, leadership, and research.

Trainees must submit abstracts to potentially earn travel scholarships.

Topics to include:

- Children with dysfunctional bladder
- Neurocognitive outcomes in pediatric CKD
- Genetic diagnosis
- Best practices in poster presentation
- Establishing a Learning Environment
- Mentoring for Emerging Leaders
